

# LOCAL DOLLARS MAKE LOCAL IMPACT

## WHAT ARE YOU WILLING TO GIVE UP TO HELP MAKE A CHANGE?

When you give to United Way of Northeast Louisiana, you're making positive and lasting change by improving the health, education, and financial stability of every person in our community. Your weekly or monthly commitment is an investment that is making measurable impact in northeast Louisiana.

Skipping one trip each week to the vending machine for a \$2 bag of chips

would provide **44 literacy kits** designed to ensure that young readers and their families have access to resources that empower early grade reading

Skipping \$5 cup of coffee one morning a week

provides **75 struggling individuals with hygiene kits** to give them a fresh start for their day

Passing up \$10 lunch with co-workers each week

Supplements **81 weekends of food** for elementary students

A \$100 donation once a month instead of a clothing purchase

gives **60 young adults** the skills needed to make smart financial choices
