UNITED WE FIGHT.
UNITED WE WIN.
LIVE UNITED™

United Way of Northeast Louisiana
2017 Leadership Giving Guide
United Way of Northeast Louisiana fights for the Education, Financial Stability, Health, and Basic Needs of every person in our community.

But we are more than fund-raisers. We are hand-raisers. We raise our hands not only to lead the fight, but to reach out to people who need help. And hope.

Together with our partners, donors, volunteers, and community leaders, United Way of Northeast Louisiana is working to create lasting change in the following areas:

**EDUCATION**
Increasing local graduation rates

**FINANCIAL STABILITY**
Increasing income, building savings, and gaining assets

**HEALTH**
Increasing access to care and preventative health and nutrition services

**BASIC NEEDS**
Increasing access to food, shelter, medicine, transportation and disaster relief

We win by living united. By forging unlikely partnerships, finding new solutions to old problems, mobilizing the best resources, and inspiring individuals to fight against our community’s most daunting issues.

So who are the hand-raisers, the game-changers? In Northeast Louisiana, they’re people just like you.

With an annual contribution of $500 or more, United Way of Northeast Louisiana Leadership Givers are vital to the success of our annual Workplace Campaign, enabling us—together with our community partners, donors, and volunteers—to address critical community needs.

For more information about United Way of Northeast Louisiana Leadership Giving, contact Janet S. Durden, President of United Way of Northeast Louisiana, at 318-325-3869, or by email at jdurden@unitedwaynela.org.
A leadership gift of $500 or more to United Way of Northeast Louisiana is an investment in more caps and gowns, stronger, financially stable families, healthier children and seniors, and increased access to basic needs such as food, shelter, medicine, transportation, and disaster relief.

Your gift is strategically invested in local programs, initiatives, and community collaborations that address these issues.

Our community’s future rests with leaders like you—people who see the big picture and are willing to share part of themselves with their neighbors. We ask you to join the fight, make the commitment, and set a leadership example for others to follow by becoming a member of one of three United Way of Northeast Louisiana Leadership Societies:

- **Bayou Society** — Annual Gift of $500-999
- **Steamboat Society** — Annual Gift of $1,000-9,999
- **Tocqueville Society** — Annual Gift of $10,000+

**TOP 5 BENEFITS OF LEADERSHIP GIVING**

2. Partnering with Northeast Louisiana’s premier philanthropic organization; ensuring that gifts, voice, and time are efficiently invested in our community to maximize impact

READ.LEARN.SUCCEED.: Improving Reading Skills Since 2012

Studies show that students who cannot read on grade level by the end of the 3rd grade are four times less likely to graduate from high school than a child who can, so United Way of Northeast Louisiana has partnered with Lincoln Parish, Monroe City, Ouachita Parish, and Union Parish School Districts to tackle this issue.

Launched during the 2012-2013 school year, READ.LEARN.SUCCEED., United Way of Northeast Louisiana’s community education initiative, focuses on helping 2nd and 3rd graders read on grade level, with the ultimate goal of improving local graduation rates.

Since its launch, READ.LEARN.SUCCEED. has helped over 900 Northeast Louisiana students improve their reading skills, increasing their chances of graduating from high school. The initiative has also provided over 24,000 free books to READ.LEARN.SUCCEED. students to add to their home libraries, helping to inspire a life-long love of reading.

A follow-up curriculum developed by the University of Louisiana at Monroe is also offered upon completion of the simulation to further enrich students' learning.

Summer Enrichment Collaborative: Preventing Summer Slide, Reading Loss for Local Elementary School Students in a Fun, Enriching Environment

In 2017, United Way of Northeast Louisiana worked in collaboration with community nonprofits, public schools, municipal departments, and area funders to provide a summer camp consisting of four weeks of literacy-enriched summer programming for children in kindergarten through the 5th grade. These students attended Berg Jones, Carver and Madison James Foster Elementary Schools, and/or participated in READ.LEARN.SUCCEED, along with their school-age siblings.

Students living in Standard Enterprises Properties, Parkview & Trishell, as well as those living at Burg Jones, Johnson-Carver, and Robinson Place Monroe Housing Authority sites also attended.

This summer camp is a community collaborative between the City of Monroe, Monroe City Schools, Monroe Housing Authority, Standard Enterprises, the Boys and Girls Club of Northeast Louisiana, United Way of Northeast Louisiana and others, designed to address summer reading loss.

Campers received academic enrichment at Berg Jones Elementary School, as well as physical activity at the Henrietta Johnson Community Center, providing an opportunity to continue learning in a fun, exciting, and safe environment.
Latest Research in 2017 ALICE Update Shows Increase in Louisiana ALICE Households

New research shows that in Louisiana, 723,077 households – fully 42 percent statewide and 48% in Northeast Louisiana – struggled to afford basic household necessities in 2014, according to the United Way ALICE Report for Louisiana released in April 2017 by the Louisiana Association of United Ways.

The original United Way ALICE Report Update for Louisiana was released in January 2016. The new, updated version advances information by one year, updating data sources from 2013 to 2014. ALICE, which stands for Asset Limited, Income Constrained, Employed, places a spotlight on a large population of hardworking residents who work at low-paying jobs, have little or no savings, and are one emergency from falling into poverty.

The United Way ALICE Report is the most comprehensive depiction of financial need in the state to date, using data from a variety of sources, including the U.S. Census. The report includes measures, based on present-day income levels and expenses that show how many Louisiana workers are struggling financially, and why.

The United Way ALICE Report provides parish-by-parish and town-level data, and analysis of how many households are struggling. In the 12 parishes of Northeast Louisiana, regional statistics are as follows:

Meet ALICE: The Belgard Family

“My name is Kelsie Belgard. I’m the mother to two beautiful girls, Marlee and Sadie. Marlee is 5. Sadie is almost 2. My husband, Robert, works at least 50 hours a week, most days from 2 a.m. until 10 a.m., for $11 an hour. By the end of the year, we hope he’ll be up to $12 an hour, which will make a big difference for us.

We are the hard-working ALICE household you’ve heard about.

I used to work in home healthcare, but we finally figured out that even with both of us working, we just couldn’t afford daycare for our girls. Financially, we are better off with me staying home to take care of them. Plus, I was in a car accident last year and now my doctors haven’t cleared me to go back. They’re not sure I’ll be able to lift the patients. So, I’m not sure what kind of work I’ll do when I’m able—but that hasn’t stopped me from trying to figure it out or trying to contribute now.

It’s important to me that each of you understands how hard we’re working not to be poor. We are doing our best to get ahead, but it’s not easy. Just like you, we want our dreams and our children’s dreams to come true too.”
